Sobre Pro-Lite Iberia

- Fundada en 2016
- Oficina en Barcelona
- Distribución, instalación y venta de equipamiento científico

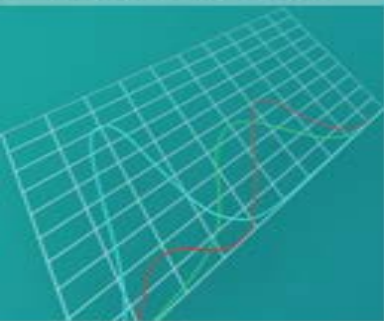

Aplicaciones

- Fotónica
- Medida de luz
- Teledetección (Remote Sensing)
- Servicios y cursos

GONIOPHOTOMETRY

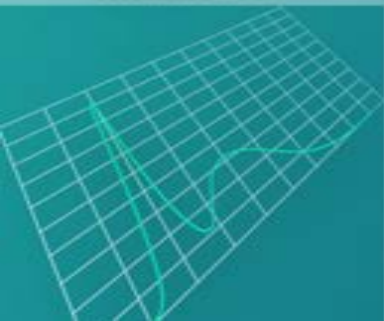

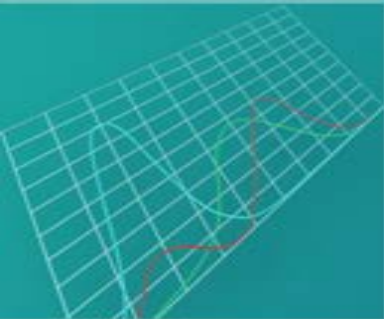

PHOTOMETRY & COLORIMETRY

SPECTRORADIOMETRY

Fotónica

- Perfilometría óptica
- Fuentes de luz
- Caracterización láser
- Protección láser
- Ópticas, cristales y materiales
- Optomecánica
- Posicionadores manuales y motorizados
- Mesas y tableros ópticos
- Espectrómetros
- Herramientas de software

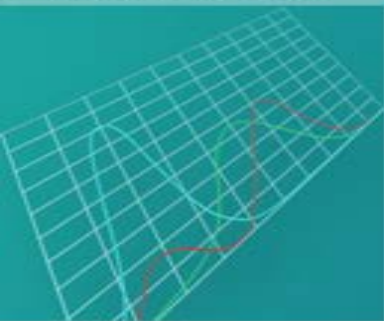

Medida de luz

- Fotómetros en esferas integradoras
- Fotómetros y colorímetros de imagen
- Goniofotómetros
- Instrumentos ópticos
- Espectro-radiómetros UV-VIS-NIR
- Espectrómetros UV-NIR
- Patrones de calibración óptica
- Esferas integradoras
- Corrección de pantallas LED
- Fuentes de luz uniforme

SPECTRORADIOMETRY

Teledetección (remote sensing)

- Patrones de reflectancia y de longitud de onda
- Cámaras hiperespectrales
- Espectrómetros
- Espectroradiómetros UV-SWIR
- Fuentes de luz uniforme

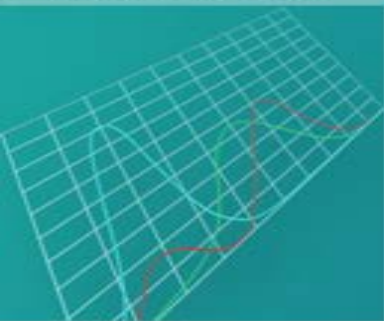

Servicios y cursos

- Calibración y medida UV-SWIR
- Recubrimientos de reflectancia
- Alquiler de equipos
- Cursos de formación
